The Diploma Guide

Life coaching helps people achieve their goals. In this diploma you first coach yourself, then others.

How it works

1. Watch a module video on lifecoachingdiploma.com/teaching. Take them in order.
2. Download the workbook for that module and complete the homework.
3. Practise the meditation that goes with it.
4. Repeat the practice for 30 days, using the trackers.
5. Share what you are learning in the WhatsApp group.
6. Complete the assessment: the 30 question exam (pass mark 70%) and your 40 Day Immersion (email info@haqacademyhub.com first for instructions). Then fill in the feedback form.
7. Book your one-to-one review (Module 6), in person in Solihull in the West Midlands or online.
